

# Design for the intelligent home

Basalte products are designed to keep things simple, intuitive and elegant, both in its form and in its function.

Reduced to its essence but always to improve the comfort of the modern home. They blend with your interior design thanks to their uniform design language.

Precision-machined with premium finishes and **handmade with love in Belgium.**

# Fibonacci keypad

## The new reference

Inspired by Fibonacci's golden ratio, this keypad brings **natural beauty to the heart of your home.** Its avant-garde looks elevate even the most sophisticated interiors.

The touch-sensitive surface allows **effortless operation for an unprecedented user experience.**

The icons and text labels can be customised to your every need.

fibonacci  
brushed nickel

# WELCOME HOME

When approaching Fibonacci, its backlit laser-engraved labels subtly light up to welcome you home.

fibonacci  
brushed brass

fibonacci  
brushed brass

## YOUR PERSONAL TOUCH

Configure the multitouch function to **control anything at home**. Touch more than one surface at the same time and the room dims into the right scene: music starts playing, the temperature rises and the curtains close. **Ready for a cosy evening.**

An internal temperature sensor discretely reports the room temperature. The integrated thermostat function does the rest.

The multicolour LED in the middle can be programmed with any colour that pleases you. It is used for status feedback or simply for you to find Fibonacci in the dark.

## EASY AND FLEXIBLE

Easily change and customise Fibonacci's labels to your own taste.

## Sentido keypad

### The light switch reinvented

The entire surface of Sentido is touch-sensitive, creating an innovative and unique user experience. Lights, shades and scenes can be operated at the slightest touch. The unique multitouch function lets you easily dim the room into the right scene.

An internal temperature sensor discretely reports the room temperature. The integrated thermostat function does the rest.

Sentido's minimalist look and the use of high grade materials result in a timeless design.

enzo  
black leather

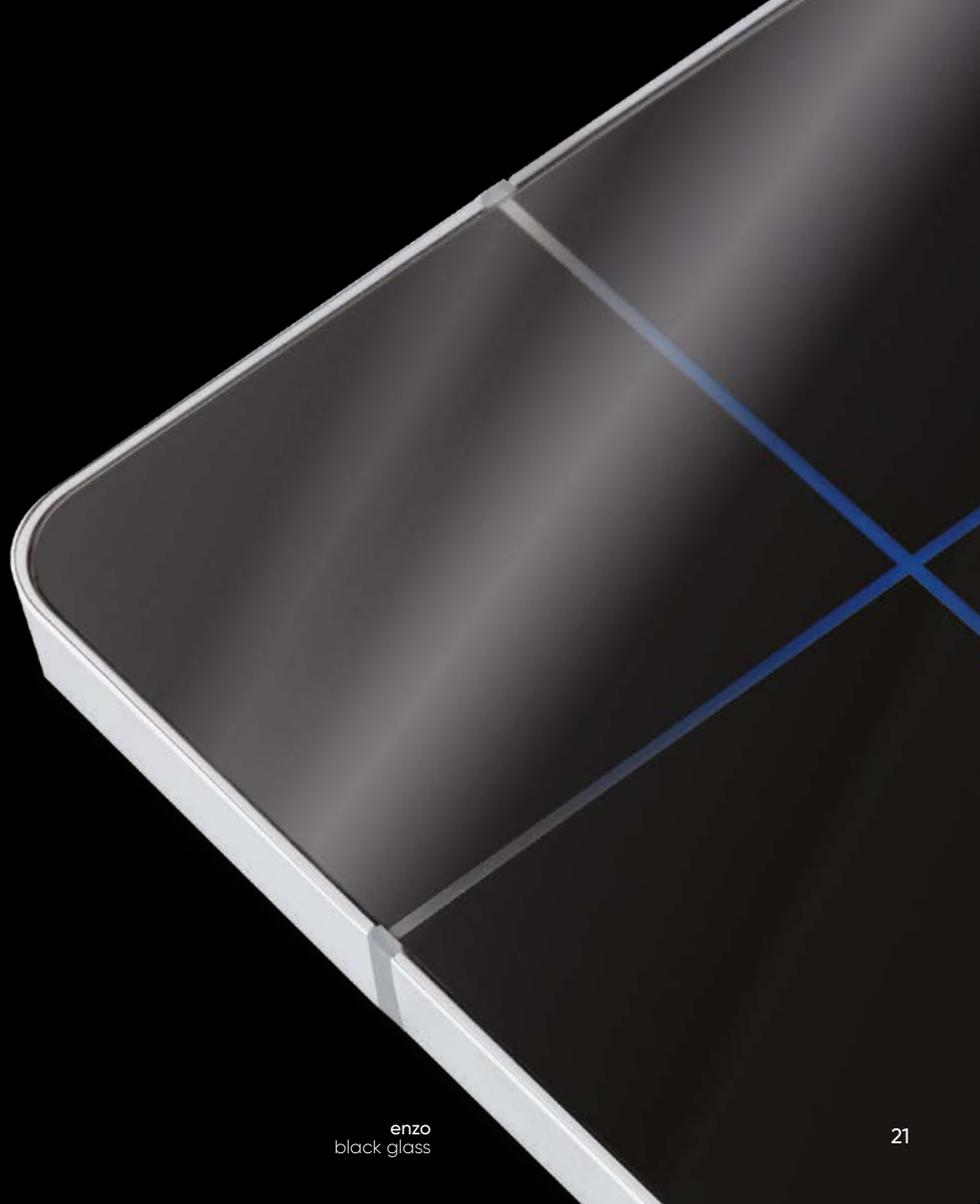

# Enzo keypad

## Combining retro with luxury

Inspired by Italian design of the late fifties, Enzo combines retro with luxury based on craftsmanship and high-quality materials.

The fine rounded border is made of polished aluminium while the inlay can be leather or glass.

Enzo offers the same unique and innovative functionalities as Sentido.

enzo  
white glass

## ALL ROUND

The Enzo finishes distinguish themselves as the retro alternative for black or white, introducing rounded edges.

# Chopin keypad

## Meet the maestro

Controlling Chopin feels a bit like **playing the piano**. Push the levers up or down to intuitively dim the lights, close the curtains and let your favourite music enter the room. Press and hold the levers for even more functions.

An internal temperature sensor discretely reports the room temperature. The integrated thermostat function does the rest.

## Ellie control panel

### Your smart home wonder

Ellie is the most refined touch panel for the intelligent home. Compact and minimalist, yet packed with a lot of power and convenience.

This smart home wonder is your go-to point to control your Basalte Home: lights, shades, scenes, music, HVAC, door phones and cameras are only a tap away.

## EXCEPTIONAL BEAUTY

Discrete yet catches your eye. Ellie is a true beauty! She is available in the same luxury finishes as your keypads, sockets and speakers to create visual consistency.

Sleek, thin, Ellie seems to be floating on the wall. Her refined look blends perfectly with other Basalte products.

ellie  
brushed nickel

## YOU'RE IN CONTROL

Approach Ellie and the screen automatically dims: ready to control your Basalte Home.

Intuitively manage the most important functions in a simple way with our straightforward design app. Convenience is key!

The 5.5" OLED display in full HD guides you right where you need to be.

lisa  
brushed brass

## Lisa control panel

### Compact, powerful, convenient

Meet Lisa: Ellie's little sister. Smaller in size but equally as powerful, intuitive and convenient.

Your intelligent home is only a swipe away! Control lights, shades, music and scenes in one specific room. View security cameras, see who's at your doorstep and use the in-house intercom function.

Lisa is small yet gives you access to everything you need. Perfect for bathrooms or smaller bedrooms.

# JOIN THE FAMILY

Lisa is available in all Basalte's luxury finishes and has the same square form factor as our keypads, Via light, sockets and outlet covers. Bring balance into your interior with a uniform design concept.

# **Deseo** intelligent thermostat

## **Set the scene**

Deseo is a multifunctional design thermostat to intuitively control your home climate, lights and even music at the slightest touch.

This beauty combines innovative touch sensitive technology with a 1,7" multicolour OLED display in an attractive and innovative design.

Deseo is available in two versions: as a pure thermostat or as a complete room controller.

# Auro sensor

## Set in motion

Auro is a small, fast and almost invisible motion sensor that automatically switches on lights in hallways, dressings, restrooms, etc.

It also discretely reports the room temperature and light level to the home automation system.

Altogether, this unique sensor blends with any interior thanks to its flush design and wide variety of finishes.

# Socket frames

## Fit in

Our frames can be used in combination with 55 mm inserts from the manufacturers Schneider/ Merten, Gira or Jung. The frames are available in 1, 2, 3, 4 and 5-gang, in the same finishes as our keypads and sockets.

On demand, these frames are also available for Swiss socket inserts. These frames can be used in combination with 60 mm inserts from ABB, Feller or BKS.

flush mounted sentido  
satin white

# Flush mount

## Discrete

In some projects, the interior designer aims for a sleek, minimalist design. To attend these needs, Basalte offers an optional flush mount kit to integrate select Basalte products\* flush with the wall. The kit securely mounts the device and still allows easy access, insertion and removal.

\*available for Sentido, Fibonacci, Deseo, Chopin, Via, Auro wall version, sockets and frames. Enzo and Deseo retro finishes are not compatible.

## SEAMLESS

Combine functional control and aesthetic design to seamlessly integrate our products into any wall.

# Key features

## Sentido/Enzo

for KNX, Crestron, Lutron HomeWorks

- 80 x 80 x 8 mm
- capacitive (multi)touch
- single & long press actions
- RGB LED feedback & night light
- temperature sensor
- thermostat function (KNX only)
- scene sequencer
- scene controller (KNX only)
- install on 1-gang EU wall box

## Chopin

for KNX, Crestron & as dry contact

- 80 x 80 x 8 mm
- mechanical levers
- single & long press actions
- RGB LED feedback & night light (KNX & Crestron only)
- temperature sensor (KNX & Crestron only)
- thermostat function (KNX only)
- scene sequencer (KNX only)
- scene controller (KNX only)
- install on 1-gang EU wall box

## Fibonacci

for KNX, Crestron, Lutron HomeWorks

- 120 x 80 x 9 mm
- capacitive (multi)touch
- single & long press actions
- backlit customisable labels
- RGB LED feedback & night light
- temperature sensor
- thermostat function (KNX only)
- scene sequencer
- scene controller (KNX only)
- install on 1-gang EU or US wall box

## Deseo RTR

for KNX & Crestron

- 80 x 80 x 8 mm
- 1.7" OLED display
- capacitive (multi)touch
- temperature & humidity sensor
- thermostat function (KNX only)
- ventilation control (KNX only)
- requires additional power supply (KNX only)
- install on 1-gang EU wall box

## Deseo

for KNX

- 80 x 80 x 8 mm
- 1.7" OLED display
- capacitive (multi)touch
- temperature sensor
- thermostat function
- shows lights, motors, scenes, temperature & music
- requires additional power supply (KNX only)
- install on 1-gang EU wall box

## Ellie

for Basalte Home

- 155 x 80 x 9 mm
- 5.5" full HD OLED touch display
- 802.3af PoE powered
- camera for intercom between rooms
- microphone for door phone communication
- install on 1-gang EU or US wall box

## Auro

for KNX, Crestron, Lutron HomeWorks

- sensor diameter in ceiling: 52 mm
- wall cover: 80 x 80 x 8 mm
- white LED feedback & night light
- temperature sensor (KNX & Crestron only)
- lux sensor
- (KNX & Crestron white versions only)
- lux dependent switching (KNX only)
- ventilation control (KNX only)

## Via

24V or 230V

- 80 x 80 x 8 mm
- 4000K or 2700K colour temperature LED
- dimmable with constant voltage PWM dimmer (24V version only)
- install on 1-gang EU wall box

## Lisa

for Basalte Home

- 80 x 80 x 10 mm
- 3.1" HD touch display
- 802.3af PoE powered
- intercom between rooms (no camera)
- microphone for door phone communication
- install on 1-gang EU wall box
